

MBA Flip Top 'Hood'

Simple design helping user waste segregation

The Flip Top Hooded Lid helps control size and type of waste items.

In the exposed outdoor environment you need filling options that keep rubbish IN, and dogs, cats, and birds OUT. Normal wheelie bin lids can sometimes blow open in extreme wind attracting scavenging animals & birds.

Standard Colour options make segregation of waste easy for the user.

MBA Flip Top Hood suits both 240 and 120 Litre bins.

MBA Flip Top Hood is -

- Tough Design
- Filling point limits refuse size to hand held sized items
- Can withstand most high wind situations & is fully rain proof
- Can be retro fitted to existing bins
- Birds, dogs, cats, vermin cant access contents

Custom made steel pocket
